01 / WHO WE ARE

Turning plans into assets.

An Oman-based platform for investment, development and trade.

Radiant Sapphire Trade and Investment LLC (RASA) develops industrial property opportunities and coordinates the work required to bring them into use. We connect commercial planning with design, procurement and project delivery, helping investors and businesses move from an initial requirement to a defined project.

Company information	Details
Legal name	Radiant Sapphire Trade and Investment LLC
Commercial registration	1570198
Office	Muscat, 18 November Street, Sultanate of Oman
Focus	Industrial unit development, investment and trade
Email / Website	info@investrasa.com / www.investrasa.com

Our approach is practical: establish the commercial scope, coordinate the technical specialists, track delivery and maintain clear documentation throughout the project.

02 / WHAT WE DO

From opportunity to delivery.

Commercial understanding backed by structured project coordination.

01

Industrial development

Planning industrial unit projects, structuring investor participation and coordinating unit allocation and project documentation.

02

Project coordination

Coordinating design consultants, technical reviews, approvals, procurement interfaces and construction delivery teams.

03

Trade & procurement

Sourcing and coordinating building materials, industrial products and project-related supply requirements.

04

Business investment

Developing opportunities in industrial operations and manufacturing, with scope and participation defined for each venture.

RASA works with specialist consultants and construction partners. MAZ / Mazhari & Partners provides complementary engineering and construction-management capability within the wider business network. Each appointment and responsibility is set out in the relevant project contract.

03 / FEATURED DEVELOPMENT

Khazaen SME Park.

Industrial unit investment and development at Khazaen Economic City.

Project concept visual from the supplied banner.

Khazaen SME Park is RASA's industrial development proposition on a 27,000 m² plot, offering an approximately 1,000 m² unit category for business and investment requirements. The project combines an industrial building concept with a defined booking, agreement and payment process.

Project	Khazaen SME Park
Location / plot	Khazaen Economic City / KEC_F_0035_IND
Unit category	Approx. 1,000 m²
RASA role	Project developer and constructor under the agreement

Unit areas, specifications, rights and delivery commitments are governed by the signed agreement and approved project documentation.

04 / HOW WE WORK

Clear scope. Accountable delivery.

A connected approach to investors, businesses and project partners.

DEFINE Establish the intended use, budget, unit scope and commercial requirements.

COORDINATE Align consultants, procurement and delivery partners around the agreed design.

TRACK Monitor progress, payment milestones and supporting project records.

DELIVER Coordinate completion, documentation and handover under the contract.

LET'S PLAN YOUR NEXT SPACE.
